### **Counter Service**

Prefer to take your delegates out of the meeting venue?

Swap your meeting room lunch for a counter service lunch or book for breakfast or dinner.

We have two self-service lunch and dinner venues on the Whiteknights Campus offering your delegates the opportunity to take a break during the conference or to have an informal dinner in the evening whilst staying on campus.

You can visit Eat at the Square, located in close proximity to Park House and Palmer or Park Eat which allows your delegates to stretch their legs.

Both venues offer a range of delicious food during the universities vacation period operating in a sustainable and ethical way with plenty of choice and variety for you to choose from to have a healthy and balanced meal.

Enjoy meals from our different counters that are expertly cooked using the freshest ingredients. You will find Italian street food serving pizzas and calzones, Theatre Counter serving stir-fry's and curries, and a range of other options changing on a daily basis.

Out of term time, Eat at the Square also works really well as an exhibition area close by to the Meadow Suite or the Palmer building.

Eat at the Square can be booked for lunch & dinner during term time for smaller groups and you would share the space amongst the student and staff community.

If you would prefer to step out of the meeting room for lunch, please speak to your Event Manager.

### We are giving food more thought.

# **Showing Our Stripes**

Sustainability matters to many conference organisers and delegates and it is at the heart of what we offer.

Many organisations are choosing plant forward food as their default catering choice. Adopting this is one small step towards Principal 3 of the Universities strategic sustainability goal. Plant-Forward is a style of cooking and eating that emphasizes plant-based foods, but is not strictly limited to them. Meat may be included but it's usually not the main feature of the meal. Plant-Forward menu items encompass many of the principals of Menus of Change.

We are committed to source as much as possible from the UK Farmers and Producers. Products sourcing should take into account locality prioritising local sources (beef from our own farms), then regional (South of England), then National (UK).

The University of Reading has extensive activity within food and drink, from its farms, The National Fruit Collection, teaching and research in both Agriculture and Food Sciences as well as an extensive Catering operation. As a self-funded service of the University, we are committed to consistent improvement around sustainability in a manner that is financially sustainable to allow us to continue to invest in this area. All our physical outlets have been independently audited and certified through the **Sustainable Restaurant Association's Food Made Good scheme** awarding us the maximum of three stars.

As part of our drive on sustainability at events we are promoting the use of tap water over bottled water. If your event is taking place in one of our inhouse venues i.e. Park House, we will as standard set up a water point for your delegates to stay hydrated.

Read more about our sustainability credentials on our website: <a href="https://doi.org/no.co.uk/sustainability">hospitalityuor.co.uk/sustainability</a>
